NORTHFIELD

Universalist Church Re-Opened.

The Universalist church in Northfield, which has been closed for the past two months, while extensive repairs have been made in the interior of the church, will re-open Sunday, Oct. 1, with the regular morning service at 10:45, the pastor, Rev. H. G. Mann, conducting the services. A new steel ceiling has been put on throughout the entire interior. The color scheme has been changed from a dark green to a combination of cream and buff; the old lighting system has been replaced with the modern indirect system; the balcony in the rear of the church has been extended out into the auditorium, making provision for a larger social room. Besides this, the hallways will be redecorated, the present doors at the entrance to the auditorium will be replaced with wood-ones, a new chimney will be erected in the southeast corner of the building. New pews are to be ordered right away. The new social room is to be called the Universalist Japanese garden and will be a fine room for social gatherings and banquets, when fitted up. The occasion of the re-opening of the church next Sunday will be significant from a denominational standpoint as well as of local interest. It will be observed as denominational rally day and a special message from Rev. John Smith Lowe, D. D., general superintendent of Universalist church, will be read.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value their hair, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. -adv.
